

# CHAPS alignment with PHAB Accreditation & the 2008 Public Health Act

## PHAB Domains 1 & 5 v1.5 Public Health Accreditation Board

**Domain 1: Conduct and disseminate assessments focused on population health status and public health issues facing the community**

**Standard 1.1: Participate in or lead a collaborative process resulting in a comprehensive community health assessment**

**Measure 1.1.1 T/L:**  
Tribal/local partnership that develops a comprehensive community health assessment of the population served by the health department

### Required documentation:

1. Participation of representatives from a variety of sectors of the Tribal or local community.
2. Regular meetings or communications with partners.
3. The process used to identify health issues and assets.

**Measure 1.1.2 T/L:**  
A Tribal/local community health assessment

### Required documentation:

1. A CHA will include:
  - a. Data and information from various sources contributed to the community health assessment and how the data were obtained
  - b. Demographics of population
  - c. Description of health issues and specific descriptions of population groups with particular health issues and inequities
  - d. Description of factors that contribute to specific populations' health challenges
  - e. Description of existing Tribal or community assets or resources to address health issues
2. Opportunity for the Tribal or local community at large to review and contribute to the assessment.
3. The ongoing monitoring, refreshing, and adding of data and data analysis.

## CHAPS Phases II-VII Colorado Health Assessment and Planning System

### Phase II: Engage stakeholders

- Step 1:** Define stakeholder engagement goals
- Step 2:** Determine an organizational structure to manage stakeholders
- Step 3:** Identify other community initiatives with which your process should link
- Step 4:** Identify individual stakeholders and their roles
- Step 5:** Prepare to make contact with stakeholders
- Step 6:** Plan your meetings.

## 2008 Public Health Act

Stakeholder  
engagement:  
25-1-505, 2, (d)(e)

### Phase III: Assess community health (CHA)

- Step 1:** Review background materials
- Step 2:** Determine the scope of your community health assessment
- Step 3:** Develop a community health assessment data gathering outline
- Step 4:** Gather quantitative data
- Step 5:** Gather qualitative data
- Step 6:** Interpret the data and information
- Step 7:** Report the results

Community  
Health  
Assessment:  
25-1-505, 2, (a)

### Phase IV: Assess capacity

- Step 1:** Review background materials
- Step 2:** Determine the scope of your capacity assessment
- Step 3:** Gather data and information
- Step 4:** Interpret your findings
- Step 5:** Report the results

Capacity  
Assessment:  
25-1-505, 2, (b)

v2 March 2011

## Domain 5: Develop public health plans and policies

### Standard 5.2: Conduct a comprehensive planning process resulting in a Tribal/state/community health improvement plan

**Measure 5.2.1 T/L:**  
A process to develop a community health improvement plan

Required documentation:

1. Community health improvement planning process that includes:
  - a. Broad participation of community partners
  - b. Information from community health assessments
  - c. Issues and themes identified by stakeholders in the community
  - d. Identification of community assets and resources
  - e. A process to set health priorities

**Measure 5.2.2 T/L:**  
Community health improvement plan adopted as a result of the community health improvement planning process

Required documentation:

1. Community health improvement plan that includes:
  - a. Desired measurable outcomes or indicators of health improvement and priorities for action
  - b. Policy changes needed to accomplish health objectives
  - c. Individuals and organizations that have accepted responsibility for implementing strategies
  - d. Consideration of state and national priorities

**Measure 5.2.3 A:**  
Elements and strategies of the health improvement plan implemented in partnership with others

Required documentation:

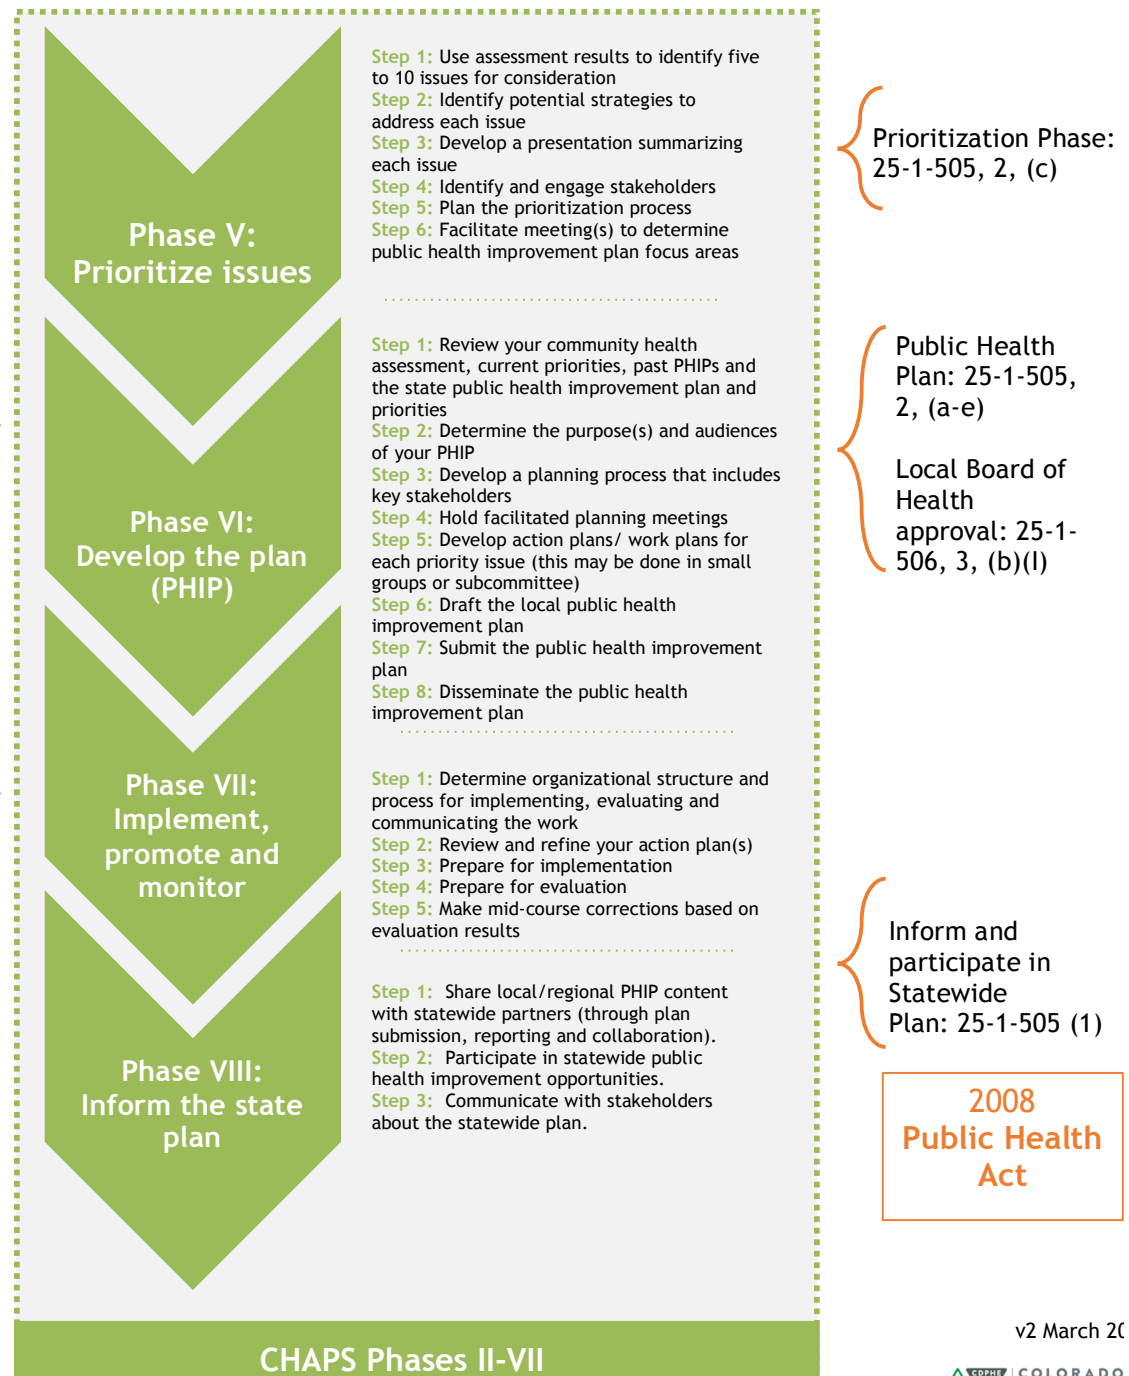

1. A process to track actions taken to implement strategies in the community health improvement plan
2. Implementation of the plan

**Measure 5.2.4 A:**  
Monitor and revise as needed, the strategies in the community health improvement plan in collaboration with broad participation from stakeholders and partners

Required documentation:

1. Report on progress made in implementing strategies in the community health improvement plan
2. Review and revision, as necessary, of the health improvement plan strategies based on results of the assessment
